@SafetyServMB #ssmsafeconf

Safety Services Manitoba

A Proud Partner

Our time is now – Join us on a journey to learn about the future of safety and health in Manitoba.

Who Should Attend?

2015: A Safety Odyssey is a must-attend event for anyone whose job involves responsibility for safety, health and wellness. This year's lineup of topics offers insights and tips for senior managers, supervisors, union safety representatives, lead hands, occupational health and safety specialists, safety engineers, loss and risk managers, human resource managers, contractors and consultants.

Based on your feedback, we've made some exciting changes to this year's conference!

- Established the Assembly of Manitoba Safety Professionals (AMSP), an advanced training and conference day
 - Built by safety professionals, for safety professionals
 - Full day of topics, round-table discussions and speakers – see insert for more information
- Added new topics to the conference lineup for greater variety and up-to-date safety and health information

Why You Should Attend

The Safety Services Manitoba SAFE Work Conference brings together over 550 delegates who play a role in health and safety in Manitoba and beyond. This is your chance to connect, share ideas and learn with your fellow safety leaders.

- Choose from 28 workshop presentations, selected to help you improve the safety culture in your organization
- Hear keynote speakers Joe Roberts and Meg Soper, as well as plenary presentations by Eldeen Pozniak, Lisa Shaw and Paul LaPolice
- Explore the latest in health and safety products and services with 40 exhibitors in our trade show
- BCRSP has previously awarded CM points for this event. The current agenda contains 11 technical hours and may be eligible for BCRSP CM points. See the BCRSP website (bcrsp.ca) for CM point criteria. Please note: The Assembly of Manitoba Safety Professionals includes 6 additional technical hours.

Meet Our Keynote Speakers

Joe Roberts

Joe is an inspirational example of overcoming adversity and managing change. In 1989 he was living under a bridge as a homeless skid row street person. Today, he is an author, CEO and internationally sought-after professional speaker who motivates and inspires audiences worldwide. Joe delivers his keynote messages at conferences, conventions and special events, teaching people "there's more to you than you can see."

Meg Soper

As a nurse comedienne, or "Funny Nurse" as she is known to many, Meg combines humour with inspiration to motivate and entertain her audiences. Meg's emergence as a leading workplace motivational humourist was inspired by her ability to make people laugh. She saw how laughter could alter attitudes and realized that humour offered one of the most effective means for dealing with stress and difficult situations.

Eldeen Pozniak

Holding designations as a CRSP, CHSC, CHSMSA, a Full Member IIRSM and a Chartered Member of IOSH, Eldeen is a well-known safety speaker with a diverse educational and experience-based background. Her sense of humor and down-to-earth approach create a timely, well-researched and insightful message that resonates, no matter the audience.

Lisa Shaw

Upbeat and positive, Lisa had never been depressed a day in her life – yet she was diagnosed with major depression with psychosis. After getting the help she needed, she now dedicates her life to helping others understand mental health and reaches out to those still battling.

Paul LaPolice

With over 20 years of coaching experience, including time spent as a Canadian Football League (CFL) head coach and assistant, and his present position as a member of the "CFL on TSN" broadcast team, Paul has had continued success bringing out the best in people.

Planning Your Conference
