

Want to save your company time and money by conducting safety training for your employees in-house?

SSM's Train the Trainer (TTT) programs allow you to do just that!

COURSE	LEARNING OUTCOMES
GHS/WHMIS 2015 TTT	Basic components of GHS/WHMIS 2015 and related legislation; hazardous material labelling; Safety Data Sheets (SDS)
Skid Steer TTT	Putting theory course together; setting up practical training; giving written and driving tests and documentation
Aerial Work Platform TTT	Putting theory course together; setting up practical training; giving written and driving tests; and documentation
Front End Loader TTT	Putting theory course together; setting up practical training; giving written and driving tests; and documentation
Fall Protection TTT	Instructional techniques involved to best communicate the many different fall protection methods in a classroom or field environment
Lift Truck TTT	Covers all makes, models and classes of lift trucks; the requirements of the CSA Safety Standard for Lift Trucks (B335) as well as Manitoba's Code of Practice for the Safety Operation of Powered Lift Trucks

Preventing loss, protecting people since 1964
